

WE NOMINATE

Roy Kenneth Fairman, long-working Mayor of Princeton Township, who early in his second term as a member of the Township Committee continues to display rare understanding of the "twofold duty of holders of public office": to reflect the wishes of those who elect them and to tell the people what has to be done — to lead the community in things that must be done. This week's joint executive session of Borough Council and Township Committee, called at Fairman's request to ponder the efficacy of the tripartite Sewer Operating Agreement (Borough, Township and University), cast light on the problems confronting the Township and the Princeton Area.

While the Monday evening gathering, attracting four of the five members of the Township Committee and the full membership of Borough Council, was conducted on an off-the-record basis, it was reported by municipal spokesmen that the discussions ranged from amicable agreement on the importance of evaluating "the present sewer system" to reports on recreational facilities, planning and a new approach to a searching study of Township-Borough consolidation. It is significant that the topics touched upon by the combined forces of Borough and Township had previously been "covered" by the 49-year-old Fairman in statements beamed at his mushrooming constituency.

Currently directing the affairs of a GOP-dominated municipality, that has doubled in population since 1950, Fairman delayed his bid for elective office until 1958 — although in years gone by, when residing in the Borough, he had been approached by enterprising Democrats as a candidate for Borough Council. An architect of the Ivy League Agreement governing the conduct of intercollegiate sports, and a founding officer of the Princeton Council of Community Services, he remains active in the Army Reserve after compiling

an outstanding World War II record highlighted by decorations won as staff officer with the 6th Army Group in Europe.

The son of a beloved New York State sports columnist, who died unexpectedly Monday morning, and one of the great all-around Princeton athletes of the past several decades, Fairman was graduated with the Class of 1934. During his student years, in addition to serving on the Undergraduate Council and directing the Summer Camp for underprivileged youngsters from urban areas, he accumulated eight varsity awards — three in football, three in basketball and two in lacrosse. He captained the basketball team, and, in recognition of "sportsmanship, play and influence," earned both the John Prentiss Poe Football Cup and the B. Franklin Bunn Basketball Trophy.

Fairman, now in his 27th year (including time-out for World War II) of association with college athletics, moved in 1934 from the architectural drafting room in McCormick Hall to the offices of the now-defunct Princeton Athletic Association in the First National Bank Building. For a time coach of basketball and assistant coach in football and lacrosse, he became a full-time administrator in 1937, succeeding Asa S. Bushnell, Commissioner of the Eastern College Athletic Conference, as Graduate Manager of Princeton Athletics. In 1941 he was named director of the inter-collegiate program and, six years later, took over the then newly-consolidated Department of Physical Education and Athletics.

For insisting that Princeton Township and Borough must now face up to the challenges of "the age of combustion"; for providing the kind of purposeful leadership so desperately needed in local government; for looking to the future while seeking to preserve the assets bequeathed by the past; he is our nominee for

UNIVERSITY SPEAKS

On Municipal Problems. Residents of Princeton learned this week what stand the University has taken on such controversial public matters as urban renewal, traffic, and the improvement of Palmer Square.

In the first statement of position which the University has issued on these matters, and in a subsequent press conference, President Robert F. Goheen admitted that the University rarely speaks out on community issues and suggested that, if present misunderstandings have been caused by lack of communication, then perhaps the University "is as much at fault as any group in the area."

He expressed his concern over the tendency to ignore the good faith and integrity of neighbors on issues involving the welfare of the community and suggested that recent "vehement" public statements indicated a lack of understanding of problems facing both Princeton governments and the University.

In essence, this is the University's position:

"It has never advanced the notion of urban renewal, but realizes that the Borough must explore the subject — along with alternative plans — in a search for funds sufficient for the adequate administration of its affairs."

"It looks with grave concern at an increasingly disruptive and dangerous internal traffic congestion and favors the Jackson Street extension as one step toward relief of such congestion."

"It favors Improvement of Palmer Square, provided that

adequate parking facilities can be obtained and with the understanding that Palmer Square, Inc. (formerly known as Princeton Municipal Improvement) is not interested in the acquisition of additional land."

"It looks forward to the Borough, Township and University agreeing on both an internal and peripheral traffic plan which could be submitted to the state and to the counties involved as a sound means of protecting the community's future and preserving it as one of the great cultural, historic and residential areas of America."

The Future? In regard to the future, Dr. Goheen said, "I myself am in disagreement with those who look upon the Princeton of the future as unchanged and unchanging, exempt from population increase, further traffic problems and absence of private and public property."

The University president said he believed that those who plan intelligently for a community's future development do not thereby advocate the creation of a metropolis, but merely recognize the fact that Princeton is attracting an increasing number of people who want to live here, and who will be using streets, shops and community services whether the community plans or doesn't plan.

"The question is not one of growth or no growth," stated Dr. Goheen. "The question is how to plan for it, how to control it and how to protect the inherent values of this community."

TOWN TOPICS regrets that the labor shortage caused by the strike at its printers, *Street Publications* in Mount Holly, has delayed distribution of the current issue. Because a smaller number of pages than usual is being printed, advertisements are asked to make space reservations as early as possible.

He pointed out that the Borough will eventually have to build a new elementary school to provide better library facilities and increase its salary budget for municipal employees, and he said that, in his opinion, there were three ways of meeting these capital costs: increase in residential taxes, development of business properties, or consolidation of the two municipalities.

He said that he was not eliminating the possibility that a combination of all three of these alternatives might be required.

Impression Corrected. In discussing the relationship between Palmer Square, Inc. and the community, Dr. Goheen said he thought it was unfortunate that at recent Planning Board hearings the impression was given that Palmer Square, Inc. favored urban renewal as means of condemning property which the corporation could then buy as the redeveloper. He pointed out that the Borough, not Palmer Square, Inc. had originally raised the question of urban renewal, and said that, if de-

THE PRESIDENT REPORTS: Robert F. Goheen, this week gave the University's viewpoint on several major community problems.

velopment were carried beyond the land now owned by Palmer Square, Inc., that the Borough alone would decide who the developer would be.

He explained the relationship between the University and Palmer Square, Inc., citing the establishment of the corporation as a business venture designed to benefit the entire community and pointing out that, although Edgar Palmer, the founder, has bequeathed a controlling interest in Palmer Square, Inc. to the University, the corporation operates as a separate institution.

He said that Palmer Square, Inc. must operate on sound business principles (its present investment return is 3½ percent, Dr. Goheen said), and retain the right to improve its properties with the community good in mind. "I would emphasize," said Dr. Goheen, "that capital improvements bring sorely-needed additional tax income to the Borough."

In regard to present residents of the urban renewal area, Dr. Goheen said that the University believes that "every possible practical step must be taken to relocate them in better dwellings."

Dr. Goheen said he felt that the prospects for inter-racial residential areas had improved in Princeton, "We need a lot of self-education in this regard," he commented, "and sometime we must grow up to the point where we do not have this concentration of races in separate areas."

Traffic Study Under Way. In a discussion of the traffic problem, Dr. Goheen said that the University has retained the services of Michael Rappano and Van Ness Backus, who are making a study of the traffic.

problem as it affects both the University and the Borough. He said he hopes that the study will be finished before the end of the summer, and that when it has been completed it will be discussed with Borough officials with the idea of blending Borough and University traffic plans.
Dr. Goheen said that the University and Palmer Square, Inc. both agree with the Planning Board that an east-west street parallel to Nassau was essential and favored the Jackson Street extension.

He also repeated the University's offer to give land and money to any plan which will solve immediate traffic problems and at the same time, "assure future truck and passenger car traffic control through the building of a complete road system ringing the community and reducing to a minimum the use of Borough streets by through traffic."
The re-alignment of College Road, announced some months ago, is expected to be finished this summer, said Dr. Goheen. The new road will run east from a point next to Redede Lockers on Alexander through to Washington Road at the new Junior Faculty Apartments. Eventually, said Dr. Goheen, the road will proceed north of the lake shore, in Harrison.

Dr. Goheen concluded his statement by expressing the University's appreciation for the support given by the community.

"We are deeply aware of the close and unique bonds which exist between ourselves and the community," said Dr. Goheen. "It is our hope that our statement will be accepted in the spirit in which it is given — as a sincere expression of the University's respect for the entire Princeton community and its well-being in the critical years that lie ahead."

SEMINARY RECEIVES GIFT

Of "Judge Clark House." Mr. and Mrs. Jackson Martindell have presented their home at 117 Liberty Place to Princeton Theological Seminary in memory of Mrs. Martindell's father, Judge William Clark, former owner of the dwelling. The residence, to be known as the "Judge Clark House," will be occupied late this summer by Dr. Elmer A. Hornig, chairman, Dean of the Seminary.

Judge Clark, a long time resident of Princeton, was named to the bench of the Federal District Court at the age of 35, and was one of the youngest judges ever appointed to the Court. He was Chief Justice of the Allied Appeals Court in Bremenburg and had served in France during World War I.

YALE CHAPLAIN SPEAKER

At Miss Fine's. The Rev. William S. Coffey, Jr., chaplain at Yale who has been involved in the recent Freedom Riders bus demonstration, will be the speaker at the 62nd commencement exercises next Tuesday at 8:30 p. m. at Miss Fine's. Speakers: Dean Ernest Gordon of Princeton University Chapel will give the invocation.
The Lower School final assembly for kindergartners through fourth grade will be held this Friday at 9:30 a. m.

Twenty-two girls will be graduated from Miss Fine's. Members of the class of 1963 are Carol Armstrong, Elsie Bruni, Polly Busselle, Elsie Chase, Julie Cornforth, Ann Davidson, Julie Fulper, Sheila Long, Deborah Moore, Fiona Morgan and Anna Ramus.

Also Charlotte R. ymond, Jane Rose, Linda Scasserra, Jean Shaw, Sandra Smoyer, Trika Smith, Nancy Simford, Cynthia Weisick, Margaret Wilber, Joan Yeaton and Christine Durand. Miss Durand is the American Field Service student at Miss Fine's this year.

Person To Person

We were talking about honesty in advertising, which we live by, and the losses you suffer from dishonest advertising, and we thought you'd be interested in the observations of an expert on the subject. He said, "The firm which tries to attract you with 'bait' advertising is invariably the firm which 'tricks' you in the actual transaction when you make a purchase. It is only logical that if they openly practice deception in advertising that the same lack of principles will exist in the rest of their business. This is indicated by records in Better Business Bureau throughout the country. The kind of advertising a firm uses is an open badge of the whole character of a company."

We asked, how can you distinguish between deceit and honesty in advertising? and he said: "Bait advertising creates a 'come-on' and truthful advertising stresses the values which mean the most in economy to the customer such as quality of service and facilities and the integrity of the dealer. A good businessman knows the truth of the biblical, 'A good name is rather to be chosen than great riches,' and therefore a sure guide to a prospective customer is the Dealer's reputation."

You cannot get "stuck" if you do business with a reputable firm, and we humbly submit our name and entire business to your meat through inspection.

HOSPITAL FETE SATURDAY

Fun For All. Promising fun for the whole family, the Hospital Fete, an annual event sponsored by the Women's Auxiliary for the benefit of Princeton Hospital, will be held Saturday from 10 to 5 at the Fitzpatrick Field, west of Palmer Stadium. More than 500 Princetonians dedicated to the hospital have worked toward success of the 1961 Fete under the chairmanship of Mrs. Donald Frutland and Mrs. William H. Sayen III.

The program will open with the Collector's Auction, always a top attraction, with Lester Slattoff, well-known auctioneer, on hand to entice bidding on hundreds of beautiful, useful and rare objects donated for the sale. Among the unusual offerings are a model A Ford in good running condition, an almost new Thomas electric organ and a laminated rosewood double bed with curved headboard, footboard

and sides. The bed, a century-old museum piece, was made by John Belter, a famous Southern cabinet maker.

All auction items may be previewed in the Auction Tent on Friday from 2 to 6. In charge of solicitations were Mrs. Donald Strachan and Mrs. K. P. Collins.

Of particular attraction for children will be two half-hour shows given by Paul and Mary Ritts and their puppets, stars of television's "Family Show." The Ritts will perform at 11 and again at 2:30.

The Garden Tent, containing a full array of plants and garden accessories, will feature James Clark, Princeton University horticultural expert who will answer questions on gardening. Mrs. Christian Aall and Mrs. Henry Patton, co-chairmen of the Garden Tent, urge that questions be prepared in advance.

Hand craftsmanship and originality will mark the wares for sale along the Lane of Shops and in the Craft Shop. All day long, midway amusements for the children have been scheduled, including pony rides, children's movies and tightrope walking contests. An exhibition of rug training is set for 1 o'clock.

There will be a fenced-in Toy Tending area where children may be left in the care of competent women.

172 NASSAU SOLD
To Leonard LaPlace, Leonard LaPlace, owner of Nassau Interiors, has a contract to buy the building at 172 Nassau Street, where Davidson's Market is located. This was revealed at last week's meeting of the Princeton Borough Zoning Board, when Mr. La-

Place applied for a variance to permit remodeling of the upper two floors of the building from the present six large apartments to 12 smaller ones. The variance was necessary because there is not enough land around the building to provide the required amount of off-street parking. The Zoning Board approved Mr. LaPlace's application on condition that he provide 12 parking spaces within 400 feet of the building. Mr. LaPlace has already leased a lot at 171 1/2 Nassau, across the street behind Andy's Diner, which will provide six parking spaces.

In addition to the 172 Nassau Street property, Mr. LaPlace also has contracts for three other properties in the vicinity: a single-family dwelling at 15 Park Place; an empty lot at 17 Park Place, and a single-family dwelling on LaVale Place, the alley next to 172 Nassau. All these are in the area which the Borough Board yesterday voted to convert into off-street parking between Vandeventer Avenue and

Moore Street. The only other application before the Zoning Board last week was that of Princeton Cleaning and Floor Waxing Co., 108 Witherspoon Street, for permission to operate the former Austin R. Silvester garage at 259-265 Nassau Street as a garage and gas station selling Crown gasoline. A variance is required because the building has not been operated as a garage for more than three years. Action on this application which was opposed by Richard H. Swinneron of 5 Murray Place, was deferred for further consideration.

Nassau Savings Rejected
The previous application of Nassau Savings & Loan Association for permission to construct an office building at 19 Vandeventer Avenue, a residential section, was denied. Denial was based on the present zoning ordinance, which prohibits any non-conforming use, did not mention the Borough's proposed Master Plan, off-street parking between Vandeventer Avenue and

Jaycees Complete Survey. The problems of the Princeton community and how it rates in the eyes of its residents will be explored next Tuesday when the Junior Chamber of Commerce present the findings of a community survey at a public meeting scheduled for 8:30 p. m. in the auditorium of Princeton High School.

To make the survey, the Jaycees obtained the professional advice of Opinion Research Corporation on sampling, and then prepared a lengthy questionnaire which was submitted to 265 adult residents of Borough and Township. When the questionnaires were completed, they were turned over to ORC where they were processed by the research organization as a public service.

Residents were asked to rate such community institutions as Princeton University, fire and police departments, Princeton Hospital and the public library. They were asked their opinions on consolidation, fluoridation, a tax-supported community swimming pool, the employment of a full-time administrator in the Borough, and so on.

In addition, those who replied to the questionnaire were asked to write down the name of the person - and the organization - that had done the most in their opinion to

A day camp needs a counselor.

The young people themselves, in filling out their registration forms, have indicated their capacities and desires. One young girl enjoys older people and would like a job as companion two afternoons a week. Another girl wants to give children's parties. One boy said he was an expert at

bicycle repair, and a friend said on his application that he was a good trumpet player. Before going out for an interview, prospective clerks or baby-sitters are briefed by YES staff members on the proper approach to an employer. The question of pay is negotiated between the employer and the applicant, although YES will provide employers with a pay guide, if there is some uncertainty about how much to offer a young worker.

Registration for both employers and boys and girls is still open, and will be on a continuing basis. The YES office is open daily from 9 to 5 p.m. and Saturdays from 9 to noon through June 22. After that date, it will be open from 9 to 12 weekdays, and closed Saturdays. The telephone number is WA 4-5431.

SCHOOLS REPORT GIFTS

Hope for '63 Opening. Directors of the Princeton Country Day School development program this week that, if the necessary funds are subscribed, the school may be in its new campus by the fall of 1963.

The goal is \$3 million. So far, contributions include two \$100,000 gifts, four \$25,000 donations, three \$10,000 gifts and 42 contributions ranging from \$1000 to \$10,000. It is hoped that the \$3 million goal will be reached by April, 1962.

Frank E. Tarlin, chairman of the development program, said that, although the initial results of the campaign have been encouraging, the directors hope for even larger gifts than those already received. He expressed the opinion that such gifts were essential if the

News Of The THEATRES

MCCARTER GUILD FORMED

To Complement Theatre.
McCarte Theatre has announ-
ced the formation of The Mc-
Carte Guild, an organization
dedicated to the support of
programs related to the ac-
tivities of the theatre itself.
Membership in the Guild will
be state-wide, and will include
such categories as patrons,
supporting members and gen-
eral membership, all of which
will contribute to peripheral,
but related, theatrical activi-
ties connected with the Mc-
Carte Center for the Perfor-
ming Arts.

According to present plans,
the Guild will have a school
department which will organ-
ize school groups who want
to attend McCarte plays, ar-
range tours, provide study aid-
es and send out "live" actors
who will demonstrate acting
techniques and give readings
to schools and clubs.

In addition, there will be
a charity department for those
who might not be able to af-
ford the theatre without help.
There will be a production de-
partment which will produce
benefits, both in McCarte and
in surrounding communities,
and a publications department
which will publish the McCarte
"Bulletin", various edu-
cational aids and information
catalogues.

Stuart Duncan will serve as
production director for the
Guild, and Mrs. Raymond Har-
per will be membership direc-
tor. Other members of the
Board of Directors are Dr. E.
L. Hubler, Mrs. Gordon Knox
and Mrs. Cyril Nelson.

The advisory council will
consist of Kirkland Alexander,
Richard Barr, Katharine Cor-
nell, Melchor Ferrer, Hugh
Hardy, Helen Hayes, Norris
Houghton, Joshua Logan,
Philip Minor, Philip Ober, Ben

Pizza, Richard Pissant,
Charles Schultz, James Steu-
art, A. Monroe Wade and
Clinton Wilder, Jr.
Additional information may
be obtained by writing to Box
528, Princeton, or by calling

THE PLAYHOUSE

Return to Peyton Place (May
31-June 6) is more sensational,
sentimental junk from the ap-
parently bottomless heap of
Jerry Wald. Jose Ferrer di-
rected a cast which includes
Carol Lynley, Jeff Chandler,
Eleanor Parker and Tuesday
Weld. Designed to Capitalize
on Wald's earlier success with
"Peyton Place," the new film
maintains the artistic level of
its Jerry-built predecessor.

It concerns the future mi-
adventures of the lachrymose
and sex-obsessed denizens of
Grace Metalious' never-never
land. There is some topical im-
plausible handling of the ef-
fects on the town and on young
Allison MacKenzie (Miss Lyn-
ley) after Allison publishes a
fleshy novel suspiciously like
"Feyton Place." The film is in
CinemaScope and color.

On the Double (June 7-13)
is, for all intents and purposes,
a one-man show. Danny Kaye,
forsaking his recent semi-ser-
ious roles for a return to low-
high and middle comedy, is
superb as an American GI who
aids the Allied cause toward
the end of World War II by
impersonating a British officer
so the officer can go off on a
secret mission.

The complications, predict-
ably, include a spy sub-plot
and embarrassing situations
with the officer's wife (Dana
Wynter) and mistress (Diana
Dors). Kaye throws food, does
a female impersonation and
sings. Always he is engaging,
so much so that one is fre-
quently lulled into forgetting
that this is nothing but a

vaudeville show masquerading

es from time to time with her
usual verve and enthusiasm.

THE GARDEN

Breathless (May 30-June 3)
is one of the vaguest of the
French "Nouvelle Vague"
films. It is also one of the most
engrossing, in its formless,
frenzied way.

The action is compressed in-
to a little more than one day,
and hinges around a sensitiv-
ely presented encounter be-
tween Jean-Paul Belmondo, a
young thief with a Humphrey
Bogart complex, and Jean Se-
berg, an American student in
Paris who is attempting to
break into journalism with the
Paris Herald Tribune.

The haphazardness of the
film is clearly a comment on

DISTINGUISHED SYLVAN POOL

one of a series

Just one of the more than 2300 swimming pools installed by nationally-recognized Sylvan Pools, Inc. This is but one of 50 custom shapes and sizes. Sylvan Pools was recently awarded the Gold Medal for design excellence so that, for 14 years, Sylvan pools are the most proved, most popular, most reliable swimming pools available. You may be surprised to learn that a hand-crafted, steel-reinforced Sylvan Pool costs no more than pools of far lesser quality. Priced from \$2880 to \$6980, low bank rates require as little as \$50 per month. Where quality and pride of ownership are considerations, a Sylvan Pool is your best buy. For information in the Princeton area... Ask a family that owns a Sylvan Pool. GROWING PAINS: Most everyone acknowledges the public library must expand, but how or where is another question. Mrs. Nicholas Costa (left) feels the library should try to keep its central location; Mrs. Niles Nelson thinks it should expand elsewhere.

Question of the Week

Question: Do you believe the public library should expand by acquiring adjacent or nearby property, or should a new library be built elsewhere in the community?

Where asked: Outside public library.

Mrs. Nicholas Costa, 28 Maple Street, housewife: I think if it is possible to acquire property near the present building, it would be very nice because it is handy and centrally located. But in any case, we need a bigger library. Everything else has gotten consideration; I feel it is time they act on expansion.

Mrs. Nils Nelson, 31 Maple Street, housewife: I think they should expand it, but not here. I feel they should buy some more property somewhere in town where it would be easy for people to get to without too much trouble. I don't see how they can expand where they are now.

Paul Schleyer, 184 Prospect Avenue, Assistant Professor of Chemistry, Princeton University: I always thought this building had particular charm and I would favor expanding on the present location, if possible. However, it would probably be more efficient to build a new building designed specifically for library purposes elsewhere.

Miss Linda Scaverra, Lincoln Highway, student, Miss Fine's School: A new building. The facilities of this building are very definitely limited and inadequate. There is not enough area around it that I can see, to add to it.

Mrs. Robert Parmenter, 175 Hamilton Avenue, housewife: I find this location very convenient and I would like to see them stay here. Whether or not they should depend on their being able to get the property next door. It might not be financially feasible to do this. How much is it going to cost the taxpayers, in other words.

Dr. Helmut Eschenfeldt, 178 Harrison Street, retired professor of chemistry: This location suits me fine. I don't know what the advantages would be.

age would be if it were relocated far away from the center of town. This building is convenient to both the Borough and the Township.

Mrs. James Scarff, 37 Dodge Road, housewife: I love this library; I think it's perfectly managed and perfectly run. It's one of the best I've ever used. Whether or not it should be enlarged is something else again.

Victor J. Lee, 103 Graduate College, English student: It would be very nice to have it centrally located, and if they can get a new building, fine — as long as it is centrally located. That's the point. If they can't, then carry on and enlarge this one.

Miss Donna Wilkinson, 32 Shady Brook Lane, student: It would depend on the choice of locations. I would prefer to have it remain centrally located for convenience. There is no question but that they have to expand.

Anthony Edwards, 15 Olden Street, graduate student: Just by looking around inside, I would say they are using all their available space and I think, on the whole, the position of a new building would be the most desirable form of expansion. I believe if they were to expand in the present building it would be too crowded.

Mrs. John Ward, 1 College Road, housewife: I live in the Borough, so, for me, it's absolutely fine just where it is. The location here is just perfect. A lot would depend on what locations were available if they were to move.

Vincent Bunnell, 33 Wilder Avenue, Penns Neck, writer: I think a new building should opinions on where it should be built but I have no strong feeling. I think they need bigger facilities, more room and more books and, as far as I know, you can't expand in this building.

AFRICAN TO NASSAU
 Native Carvings Here. Modestly priced native carvings from Kenya and Tanganyika are for sale now in what seems a most unlikely spot for such offerings - Vied's Chocolate Shoppe on Nassau Street.

Here, in dignified display, you will find hand-carved figures of men and women and a few of animals executed with a certain rough-hewn skill that gives them the cachet of authenticity.

One of the most appealing is a woman balancing a bowl on her head with her hand. She stands next to a woman who apparently doesn't need to balance the bowl because it rests serenely on top of her head without the steady-ing hand.

A tall warrior, standing some 18 inches in height (the largest figure in the collection) poses his spear against the base of the carving. A smaller warrior also bears a spear. There is an intense little drummer, too.

Among the animals is something that looks like a whale with wings, an elephant and a tiger. The figures are carved from a heavy, black wood that might be ebony, but might just as well be some native wood unknown to us. Prices start at \$4.50 and go up to \$4 for the big warrior.

In addition, Vied's has in the African collection a set of three serving pieces, also carved from dark woods. A long-handled spoon and fork, resembling a pair of salad servers, are combined with a long-bladed knife in a set which sells for \$4. The knife is all wood, including the blade, but it has a good sharp point and a surprisingly thin edge. The handles of the servers are native heads.

PRINTS

On Cotton, Folk prints combining primary Scandinavian colors and traditional floral and geometric designs, are lined up by the bolt at The Fabric Shop on Chambers Street, ready for a quick seamstress with sum-mer square dances ahead. There are so many bright designs that you can have a new gathered skirt for every dance.

Choose, let's say, the myrtle blue background that shows off yellow, red and lime flowers, tiny as forget-me-nots, arranged in medieval pattern, or the overall pattern that strewn its multi-colored flowers against the bright red background as random as the daisies in a meadow.

In a less traditional vein, there is a black fabric with orange sinias, and violets.

FM For Your Car
 Before you start out on your transcontinental trip this summer, stop at Gordon Radio Service, 221 Witherspoon, and pick up some good music for your car radio.

For \$49.95, you may buy at Gordon's an FM car radio which you can attach to your present car radio and eliminate, thereby, the rock 'n' roll which will otherwise accompany you all the way to California.

This Granco attachment is about the size of a book. It fastens with three screws, one wire and an antenna plug-in, and is so simple to install that it can be moved around from car to car, depending on whether the driver wants Bach or Fats. The radio will fit all late models of domestic cars and most foreign makes.

For a free demonstration, stop at Gordon's, in the Houghton Building, and listen awhile.

blocked against green leaves. White wheels roll against an olive and black or a steel blue ground and tiny red tulips spill out on a background of deep plum purple.

Some of the fabrics leave behind the primary colors of the traditional designs and display smoky shades of blue, red and pink against a dark ground. Blue grapes, little green limes, and clusters of fruit — all miniature in scale — show off well against a deep olive green background. Provincial squares of deep blue, violet and royal come together in another interesting dark pattern.

Admirers of paisley will like the combination of deep mustard and deep green paisley stripes. Another striped pattern with red or blue background has pinpoints of yellow wheeling around the design like lights on a fairground.

There's a stained glass pattern of arches and ovals. Another pattern, like the stained glass one considerably less naive than the bouquet prints, sets off black trellis stripes against the palest willow green.

On the solid side, The Fabric Shop has Indian jute bur-lap in - well, what color do you want anyway? Lilac bur-lap - there's a shocker for you. And grey-blue, apple green, hunter's green, yellow, grey, gold, red and just plain bur-lap. Our favorites is the white. What would you do with white bur-lap? Buy it first and decide later.

SCHOOL PRESENTS VIEWS
On Sacred Heart. The third hearing for the Religious of the Sacred Heart on the order's application to the Township Zoning Board for permission to build a school for girls on The Great Road was scheduled to be held this Thursday at 8 p.m. C. Russell O'Brien, chairman of the advisory board of the proposed school, has issued a statement summarizing the position of the group.

Mr. O'Brien points out that less than three percent (slightly over one acre) of the 50-acre Great Road tract would be used for school purposes and that the rest of the property would be treated like a park, to provide a "substantial" buffer zone between buildings and continuous properties or roads.

"Taxes will continue to be

paid on the land not actually occupied by school buildings," Mr. O'Brien emphasizes. "Only the buildings themselves and up to five acres of land reasonably necessary for their enjoyment will be tax-exempt."

The school would be required to pay its share of any future Township services, such as new roads and sewers, Mr. O'Brien states, and adds that architect Jean Lebaut and Raymond Bowers have planned that the entrance to the school will be on the east-west access road planned by the Township, not on The Great Road.

According to present plans, the school will eventually have 300 girls enrolled in a kindergarten-through-12th-grade curriculum with 25-30 teachers.

COMMENCEMENT SET
By Seminary. Princeton Theological Seminary will hold its 148th annual commencement exercises Tuesday at

10:30 a.m. in Princeton University Chapel. There are 158 candidates for degrees ranging from Bachelor of Divinity to Doctor of Theology. Commencement speaker will be the Rev. Dr. Samuel H. Miller, dean of Harvard Divinity School. Speaker at the Baccalaureate service Sunday at 4 p.m. in Miller Chapel will be the Rev. Dr. David B. Watermuller, minister of the First Presbyterian Church of Oak Park, Illinois, and a trustee of the seminary.

Also included in the three-day commencement schedule will be a reception Monday at 4 p.m. at the home of Seminary President James I. Sic David; the annual banquet and meeting of the Seminary Alumni Association, to be held Monday at 6:15 p.m. in the Campus Center, and a presentation by the Meritt Theatre of the religious drama "Christ in the Concrete City," scheduled for Monday at 9:30 p.m. in Miller Chapel.

Views Of The Theatres

Continued from Page 5

the madness of the modern world, and it is often effective and exciting. There are, however, times when the technique seems a trifle over-the-top and the viewer may be forgiven a bit of annoyance at the film's purposeful obscurity. In French with English subtitles. Recommended.

NO TIME FOR SERGEANTS (June 3), a farcical recounting of the joys of army life, is worth seeing for the likable corpse performance of its star, Andy Griffith. The script and direction are ordinary.

Although probably intended as a sort of satire on the military, the film is too amiable and low — comedy to score any very piercing points. But it has its moments; memorable scenes include Griffith's turnabout psychiatric interview ("Maybe you'd get out with the girls," he tells the doctor, "you wouldn't have to think about sex all the time") and the inspection where Griffith causes the latrine — seats to jump to attention.

MODIGLIANA OF MONT-FARNEXE (June 6 - 10) is an implausible, sentimentalized account of how Modigliani lived while painting those intriguingly elongated faces and whiplash eyes. In French with English subtitles, it stars the English Philippe, who died soon after it was completed, Lilli Palmer, and Anouk Aimée. Philippe's Modigliana is a tortured, cynical soul who divides his time between sicknesses and mistresses (Miss Palmer and Miss Aimée). Occasionally, also, he paints. The real trouble with the picture is the script; the highly competent cast goes through its paces with assurance and feeling.

POOL CODE TABLED
By Board of Health. A township ordinance to control public swimming pools has been tabled by the Board of Health for further study. Acting Health Officer Marcelle Farley, Dr. William Kleinberg and Dr. Elmer Alpert will examine the situation and report within the next two months. There are about half a dozen public swimming pools in the Township, with additional ones in the planning stage.

At the Board's meeting Thursday night, eight property owners with overflowing septic tanks were ordered to connect to Township sewers. The affected properties are on Mt. Lucas Road, Brookstone and Pardee Circle.

Four property owners were asked to correct defective septic systems. These properties are in areas which are not served by Township sewers. The Board has asked for cost estimates which will serve to indicate the feasibility of connecting three homes in the Mt. Lucas area with the existing sewer.

The Board of Health has written to Township Committee asking for action before amending existing codes to prohibit dogs from entering stores. Merchants in the Princeton Shopping Center have complained to the Board of Health about roaming dogs. The animals have also been a continuing problem at Riverside, Littlebrook and Valley Road Schools, the Board of Health said.

PIANISTS PLAY
In Junior Recital. The young pupils of Ruth McLinn gave a recital of solo and ensemble piano music Saturday at Miss McLinn's studio on Witherspoon Street.

Those who performed were Noel Clark, Neal Clark, Caleb Fullam, Joan Sulliff, Carol Westoff, Robert Weston, Linda Weinstein, Larry Weinstein, Bunny Chang and Lynn Johnson.

LIBRARY ELECTS
In Lawrenceville. Mrs. John H. Dill was elected president of the Lawrenceville Community Library Association at the last meeting of the newly formed group. Edwin C. Fleischer will serve as vice-president, Mrs. Harry Kihn as recording secretary and William McCarroll as treasurer. Other members of the committee are Mrs. Robert G. Mill, Mr. Librarian, Mrs. Edward L. Herriek, Mrs. Alstin L. Stout and Donald West.

For the past five years, the Lawrenceville Library has been under the sponsorship of the P. T. A., but the school

group has announced that there is no longer any space for the library in the school. The library is now in the Firehouse and is seeking to sustain itself through membership dues, donations and fund-raising events.

Edward D'Arms, Mrs. Simon Marston, Joseph Lynch, Donald Riddle and William Marvel were the members of the nominating committee.

At the meeting, the constitution of the organization will be introduced for adoption. Anyone interested in joining the Democratic Forum is welcome to attend.

STUDENTS WILL PLAY

In Recital. Piano students of Ruth Plum will appear in a recital this Sunday at 4 at the Plum studio, 24 Mur- ray Place.

BAKER NAMED

To Vice-Presidency, Richard E. Baker, Jr., 207 Edger-Eloune Road, has been promoted to vice president of the New York Life Insurance Company.

Mr. Baker, who is in the real estate and mortgage loan department, joined the company in 1934 as administrative assistant. He became executive assistant in 1955, assistant vice-president in 1956 and second vice-president in 1958.

REGISTER FOR CAMP

Girl Scouts Plan. All girls in the Princeton area, grades two through seven, are eligible to register for the Princeton Girl Scout Day Camp which will be held from June 23 to July 7. Mrs. J. A. Buckland is director.

At Camp Tamsack, River Road, girls will be offered classes in nature arts, crafts, camping skills and outdoor cooking. There will be swimming at the YMCA pool. A special unit for older campers will spend several nights camping out. Additional in-

formation about the two-week session may be obtained through Mrs. Buckland, WA 1-4585, or the Girl Scout Office, 4 Green Street.

SCOUTS TO SELL KITS

For First Aid, Members of Post 45, Boy Scouts, will visit business firms and homes in the Princeton community to sell first aid kits designed for travel, automobiles, offices, homes and for hunters and fishermen. Proceeds of the sale will be used to buy camping equipment.

With the various kits, the Scouts will present a chart showing approved procedures for dealing with different kinds of accidents. Business firms

interested in equipping their trucks with kits are asked to call Robert Bancroft, WA 4-1360.

FIRST IN THE COUNTY

Borough Wins Safely Award. During a Safe Driving Awards Dinner sponsored by the Mercer County Association of Insurance Agents, Princeton Borough Police Chief Raymond A. Mondone accepted a citation for the Borough which was awarded first prize as the safest in the county in its class.

The Borough was one of 12 Mercer County municipalities honored for its traffic safety record. Chief Mondone received the award from W. J. Quin-

For Buick Corporation, Cory
Kammerler, president of Kam-
merler Buick Pontiac Corpora-
tion, has announced the ap-
pointment of George F. Cra-
mer as vice-president of the
firm and Max Beverly Brock
as secretary. Approximately
200 persons have been invited
to a party this Friday at the
Route 206 agency honoring the
new officers.

Mr. Cramer, who lives at
454 State Road, has been a
Princeton resident for 30 years
and in the automobile business
for 20 years. He was sales
manager for the former Greg-
ory Buick agency in Princeton
and worked with Mr. Kam-
merler.

TRUST STAFF EXPANDED
By Princeton Bank & Trust
Appointment of three new
staff members to the Trust
Division of Princeton Bank &
Trust Company has been
announced by George R. Cook,
3rd, president. Mr. Cook said
that the staff expansion was
required by the growth of
the division, which now has
assets valued at more than
\$20 million entrusted to its
care.
The new appointees are:
Rorco A. Iatavia, formerly with
RCA, who will specialize in
estate and trust accounting;
James J. Sullivan, previously
employed for 10 years by the
Chase Manhattan Bank,
who will be in the trust book-
keeping and securities depart-
ment, and Stanley Ziemek,
previously with Chase Man-
hattan for 12 years, who will
specialize in income, estate
and gift taxes.

PHS TRACK TEAM WINS

Central Jersey Title. A major upset in Group III high school track was achieved Tuesday by the Little Tigers of Princeton when they won the Central Jersey championship in the annual meet at Ashbury Park. Coach Win Niles' entry amassed 52 1/2 points, topping his nearest competitor, South River, by a good 20. Defending champion Manasquan was far outdistanced.

Captain Lloyd Fletcher paced the Blue and White with a double, taking the high hurdles in 15.2 and the 160-yard lows in 19.9. Other Princeton firsts went to Joe Cox in the shotput with a heave of 41 feet, 2 1/2 inches, and Dick Montgomery and Bob Harrison who tied in the pole vault with 11 feet.

"We kept looking over our shoulders for some one to catch up with us all afternoon," Niles said, "but we led from the very start and no one came close." It was the first time since 1956 that Princeton High has won the event.

STATE MEET SATURDAY

For PHS track Extra Princeton High School track coach Win Niles will enter 11 Blue and White cladmen in the annual New Jersey State Meet Saturday at the Rutgers University stadium. Time trials will be held in the morning with the finals at 2:30.

Chief among the 11 entrants will be co-captain Lammie Fletcher who will compete in the low and high hurdles and the broad jump; Tom Boggs, 100 and 200-yard sprinter; John Bensinger, quarter mile; Rich

Montgomery, high jump; Bob Harrison and Montgomery, pole vault; Howard Gould and Joe Cox, discus and shot put; and co-captain Joe Beachell, javelin. Last year at the state meet, Beachell placed third in the javelin and Fletcher second in the 160-yard low hurdles to give PHS seven points and ninth place among Group III schools.

Last Wednesday a six-team meet held at New Brunswick, Princeton placed sixth. Coach Niles described the competition as very rough, especially so since the meet was unclassified. He added that the team was hampered by the inability of Fletcher to compete in the event. The participating schools were Highland Park, New Brunswick, Toms River, Ashbury Park, Trenton Central and Princeton High School.

TWO TAKE ICA-A TITLES

Edmunds, Kovalakides Win. A pair of track stars with Princeton affiliations were among the winners of individual titles in the rain-plattered ICA-A meet staged Saturday at Randall's Island, N.Y., under extremely adverse conditions.

On the coldest May 27 in Weather Bureau history, Dick Edmunds, captain of the Tiger team, won the 410 and Nick Kovalakides, a Maryland senior whose home is here, defended his title successfully in the javelin. Both won with something to spare.

Edmunds' chief competitor, Jimmy Wedderburn of N.Y.U., victor in the quarter-mile a year ago, failed to qualify for the finals. Because of a long, cold downpour Friday, heats and finals were all staged in one day. Wedderburn's participation in the 880 trials took enough out of him so that he missed qualifying in the 410.

Edmunds ran in front all time, finishing six or seven yards ahead of his rival. His time of 48.1 on the soggy cir-

ders was a fine performance, with the victory ranking as the first to fall to a Princetonian in the ICA-A quarter-mile since the turn of the century.

Edmunds will run in the NCAA championships later this month and in the AAU meet as well. He has his sights set on being named to the United States team which will go to Moscow this summer.

Kovalakides threw the javelin 222 feet, 4 inches from soaking wet grass, a spotlight effort that was 13 feet better

 then his nearest competitor. Nick set an ICA-A record in 1960 with a loss of 234 feet, 1 inches.

FOUR GAMES LEFT
For Tiger Ball Team. A trip to New Haven Saturday is on the schedule for Princeton's baseball team, which will try to duplicate its 3-1 triumph of May 13 over Yale. Wally Phillips, who compiled a .52 record in Eastern League play this season, including the victory over the Elis, is scheduled to pitch.

Last Saturday's game with Colgate, scheduled for the Stieglitz Field diamond, was rained out. Another game with Yale, the traditional commencement weekend contest, is scheduled for Saturday, June 10. Sandwiched between the meeting with Blue are games with Lafayette and Rider next Tuesday at 4 and Wednesday at 2.

11V INN ON TOP
 In the first six games, the Ivy Inn has a commanding lead in the Sports men's Softball League over second place King's Inn. The pace-setters' 6.0 mark is two games better than the 4.2 record credited to the runners-up.

The Sportsmen are 1-4 and Hinkson's 0-5 after the first month of play. Last Thursday, Ivy Inn edged the Sportsmen, 4-3, scoring all its runs in the first two innings. Lou DeMaggio was the winning pitcher. King's Inn blanked Hinkson's, 7-0. Butch Chambers earning the shutout. Games on Tuesday of this week were not played because of Memorial Day.

TENTH LOSS RECORDED
 By Little Tiger Nine. The Princeton High School baseball team suffered its tenth defeat in 14 outings Thursday when Trenton High School beat it for the second time this season, 7-2. A PHSS Somerville contest set for Friday was rained out.

The visiting Tortoises won the game in the first inning, scoring three runs on two errors, two errors, a single and a sacrifice fly. Costly errors, PHSS had five, two by shortstop Hank Schmidt, enabled THS to add more runs in the second and fifth frames. The losers got to THS pitcher Bob Candelario for single runs in the second and fifth innings. Captain Allen Wood had two of the Blue and White's six hits. John Ruggerson, PHSS pitcher, took the loss, his seventh. He has won two.

PAC TRYOUTS TO START
 Tri-County League to Open. A series of tryouts for those interested in playing on the Princeton Athletic Club in the Tri-County Baseball League will be held at the Princeton High School diamond. The first of these is set for this Thursday at 6:15, with others scheduled for June 5, 8 and 12 at the same hour.

Sandy Bing, assistant coach of the standout team which played for the Hun School this spring, will serve as manager. He is a graduate of Lafayette, where he caught for three years. Bing will become head coach at Hun in 1962.

Tommy Petrone, who batted .500 for Hun this season, will captain the PAC nine. The only player at Hun to be elected captain at the end of his freshman year, Petrone has been a top player in the Midland and Junior Baseball Leagues

here since age 9. There is no age limit for player personnel on the PAC with the squad being drawn from high school and college teams and players in their 20's. Home games are played on the PHSS diamond.

The season will open Thursday, June 13; Hightstown, Montgomery and South Brunswick will also participate. B. E. Bergesen Jr., organizer for the Tri-County League, will continue as its non-salaried president.

AMERICAN LEAGUE WINS

In Midnet All-Star Game. A 4-2 victory over its National League rivals was posted by the American League team in the annual YMCA Midnet Baseball All-Star game on Memorial Day.

Billy Cruikshank threw a one-hitter for the winners, yielding a homer with one aboard to Dick Volz. Dave Liederharn hit a home run for the American League.

CONTRACTS AVAILABLE

For Junior Baseball. Contracts for Junior Baseball are now available at the YMCA. This was announced by Robert C. Decker, Princeton YMCA Baseball Commissioner. Signed contracts must be turned in by June 8.

Boys who will be 13 by July 1 and who have not had their 18th birthday by July 1 are eligible. A boy is eligible if he becomes 16 during the season. Additional information is available from the YMCA building on Avalon Place.

News Of The CHURCHES

SURVEY PLANNED

In Hopewell, a survey of the religious affiliations of the residents of the Hopewell area is currently being conducted by the Inter-Church Council of Hopewell. Purpose of the survey is to determine the religious preferences of all residents, regardless of whether they are present members of any religious group.

The survey is being conducted by volunteers who are members of the various churches comprising the Inter-Church Council. Reference of a particular faith or church by anyone who is not presently a church member will be noted, and the information will be passed on to officials of the church of that faith, if one exists in the area.

IT'S STRAWBERRY TIME

Festivals Planned, Strawberry festivals have been planned for next week by two churches in the Princeton area. Both are open to the public.

The Young Adult Fellowship of Princeton Baptist Church, Penna Neck, will hold its third annual strawberry festival in a hall from 4:30 to 7 p. m. In addition to strawberries, ice cream and homemade cakes, there will be a light supper, served cafeteria style.

The Women's Auxiliary of Rosedale Chapel, Sun., 9:45, church school; 11, "Have You Stopped Growling?", the Rev. Clarence K. Briskey.

DEAR TRAVELEX,

What do you see when someone says "TAHITI"? Black sand? Coral reefs? Pure simple relaxation? No meetings - no telephones? Exploring outlying islands? Volcanos and geysers? Sarongs? Breadfruit and Poi? Surf boards?

Well, I guess we'd all better hurry up! It's getting so easy to get there that first thing you know they'll be as civilized as we are.

Come on down to the office some day when the air is nice and warm on your shoulders and there's a soft wind blowing. We'll give you all the details on how to get to Tahiti, Moorea and Bora Bora before it is too late.
